

Prince's Trust

We are currently taking referrals for our ten-week Achieve programme to be delivered at The Prince's Trust **Birmingham Centre** in October.

This is a great opportunity for young people to try new things, develop personal and social skills and get the support they need to re-engage in education.

On this programme young people will access fun and challenging group activities, one to one support and a residential experience. If you refer a young person to Achieve in one of our centres, we will work with you during the ten weeks to support each young person into an educational outcome at the end of the programme.

If you know of any young people who might be interested, email Karen.Watson@princes-trust.org.uk or call 0121 772 9247 and she will contact you to discuss further.
